1. Aims

The aims of our first aid policy are to:

- › Ensure the health and safety of all staff, pupils and visitors
- › Ensure that staff and governors are aware of their responsibilities with regards to health and safety
- › Provide a framework for responding to an incident and recording and reporting the outcomes

2. Legislation and guidance

Schools with Early Years Foundation Stage provision insert:

This policy is based on the [Statutory Framework for the Early Years Foundation Stage](#) and [Early years foundation stage: coronavirus disapplications](#) guidance, advice from the Department for Education on [first aid in schools](#), [health and safety in schools](#) and [actions for schools during the coronavirus outbreak](#), and the following legislation:

- › [The Health and Safety \(First Aid\) Regulations 1981](#), which state that employers must provide adequate and appropriate equipment and facilities to enable first aid to be administered to employees, and qualified first aid personnel
- › [The Management of Health and Safety at Work Regulations 1992](#), which require employers to make an assessment of the risks to the health and safety of their employees
- › [The Management of Health and Safety at Work Regulations 1999](#), which require employers to carry out risk assessments, make arrangements to implement necessary measures, and arrange for appropriate information and training

- [The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations \(RIDDOR\) 2013](#), which state that some accidents must be reported to the Health and Safety Executive (HSE), and set out the timeframe for this and how long records of such accidents must be kept
- [Social Security \(Claims and Payments\) Regulations 1979](#), which set out rules on the retention of accident records
- [The School Premises \(England\) Regulations 2012](#), which require that suitable space is provided to cater for the medical and therapy needs of pupils

3. Roles and responsibilities

As our school has Early Years Foundation Stage provision, at least 1 person who has a current paediatric first aid (PFA) certificate will be on the premises at all times.

We will also have a sufficient number of suitably trained first aiders to care for pupils / employees in case they are injured and / or unwell.

Section 3.1 below sets out the expectations of appointed persons and first aiders as set out in the 1981 first aid regulations and the DfE guidance listed in section 2.

3.1 Appointed person(s) and first aiders

The school's appointed lead first aider is Mrs S Stacey. They are responsible for:

- Taking charge when an adult in school is injured or becomes ill
- Ensuring there is an adequate supply of medical materials in first aid kits, and replenishing the contents of these kits
- Ensuring that an ambulance or other professional medical help is summoned when requested by a first aid responder

First aiders are trained and qualified to carry out the role (see section 7) and are responsible for:

- Acting as first responders to any incidents; they will assess the situation where there is an injured or ill person, and provide immediate and appropriate treatment
- Sending pupils home to recover, where necessary
- Filling in an accident report on the same day, or as soon as is reasonably practicable, after an incident (see the template in appendix 2)
- Keeping their contact details up to date

Our school's first aiders are listed in appendix 1. Their names will also be displayed prominently around the school.

3.2 The local authority and Governing Body

NYCC Childrens and Young Peoples Services have ultimate responsibility for health and safety matters in the school, but delegates responsibility for the strategic management of such matters to the school's Governing Body .
